Health, Safety, Security and Risk Management (Standard 8)

Wednesday, September 5, 1 p.m. – 5 p.m. (EDT)

Atlantis
Arlington, VA

The Standards of Good Practice workshop, with a focus on Health, Safety, Security and Risk Management (Standard 8) can provide you with the tools you need to do just that. After examining the data available (including The Forum's Critical Incident Database), workshop participants will consider how this specific Standard works in conjunction with the other Standards to guide programs in developing a solid risk management plan. Participants will practice applying three different approaches to risk management as they discuss actual case studies from the field. This qualifies as a Forum Certification (<https://forumea.org/get-involved/quality-assurance-programs/professional-certification-in-education-abroad/>) Workshop and part of the Fundamentals of Student Preparation and Risk Management Competency Credential (<https://forumea.org/training-events/competency-credentials/>).

Facilitator: Natalie Mello (The Forum on Education Abroad)

Student Selection, Preparation, Code of Conduct & Returning Support (Standards 4 & 5)

Wednesday, September 5, 8 a.m.-12 p.m. (EDT)
Atlantis
Arlington, VA

This workshop focuses on Student Selection, Preparation, Code of Conduct and Returning Support (Standards 4 and 5) and will help you to identify resources and design programming to assist in this effort. Time will be devoted to the presentation and explanation of a comprehensive judicial screening process. Participants will critically examine different preparation and returning support models and will develop strategies to improve upon them so that they might be useful in their specific context. This qualifies as a Forum Certification Workshop (<https://forumea.org/get-involved/quality-assurance-programs/professional-certification-in-education-abroad/curriculum/>) and part of the Fundamentals of Student Preparation and Risk Management Competency Credential (<https://forumea.org/training-events/competency-credentials/>).
